

Compliance action taken for childcare provision

Ref: EY440542/6173761

Date: 31 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 September 2025, we carried out an inspection and found the provider was not meeting some of these requirements.

The report and inspection outcome will be published in due course. Following the inspection, we served a welfare requirements notice on 10 October 2025. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 21 October 2025:

- ensure staff have the skills and understanding to support children with SEND, by liaising with parents and other professionals, to help them to make effective progress
- provide effective coaching, support and training to improve staff knowledge and skills to raise the quality of teaching.

On 30 October 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found that the provider had made changes to improve staff understanding of how to support children with SEND. Staff now liaise with parents and other professionals so that they can offer the best possible experiences for children. The provider has implemented regular coaching, support and training for staff. This ensures that children received the help they need to progress in their learning and development.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
