

Compliance action taken for childcare provision

Ref: EY445032/5264107

Date: 13 December 2022

Summary of outcome

Our reference: 5264107/ EY445032

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 September 2022, we received concerns that the provider was not meeting some of these requirements

On 8 December 2022, we carried out a regulatory visit. We found the provider was not meeting all the requirements. We have issued an action for the provider to take below within the timescale set out. The provider will be able to give parents further information about this.

Action needed by 21 December 2022:

- improve knowledge and understanding of changes and significant events to notify Ofsted.

On 20 December 2022, we received a response from the provider in relation to the action raised. We are satisfied with the steps the provider has taken to meet the action. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be
