

Compliance action taken for childcare provision

Ref: EY446735/6121511

Date: 2 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 31 July 2025, we received concerns that the provider was not meeting requirements relating to staff: child ratios, health, safety and suitability of premises, environment and equipment.

On 02 October 2025, we carried out a regulatory visit. We found the provider was meeting the requirements listed above. However, we found that the provider has historically not met the requirements for suitable people checks and had taken action to put this right. The provider has improved their understanding that any persons working on the premises must have their suitability checks cleared by Ofsted before they start to work at the setting. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
