

Compliance action taken for childcare provision

Ref: EY448335/6294425

Date: 26 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 February 2026, the provider notified us about matters relating to safeguarding policies and procedures, suitable people, children's safety and welfare and health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundations stage to notify Ofsted of significant information. On 6 February 2026, we received concerns that the provider was not meeting requirements relating to health and paediatric first aid.

On 17 February 2026, we carried out a regulatory visit followed by a telephone regulatory event on 20 February 2026. We found the provider was not meeting requirements and had taken action to address this. The provider has implemented stronger procedures around emergency medication, children's care plans, allergy management and food delivery. The provider has improved supervision for staff and ensured that all staff have valid Paediatric First Aid certificates. This ensures children's safety and supports children's health.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
