

## **Compliance action taken for childcare provision**

Ref: EY450616/6251292

Date: 17 February 2026

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework-2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework-2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 December 2025, the provider notified us of an allegation against a staff member in the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 3 February 2026, we carried out a regulatory telephone call. During the call, we confirmed that the provider had followed their safeguarding policy and procedures for managing an allegation against a member of staff. We found that the provider had implemented several measures to ensure that staff appropriately support children's behaviour at all times, especially during changes to daily routines. Additionally, the provider had arranged refresher training for all staff to increase their confidence in managing transitions in the setting more effectively. The provider has developed a new protocol for communication with parents following an incident. They are currently reviewing the setting's safeguarding policy to enhance child safety and updating staff job descriptions to ensure roles and responsibilities are clear for all staff. These measures support children's safety in the setting. The provider will be able to provide parents with more information on these matters.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
