

Compliance action taken for childcare provision

Ref: EY457002/6027874

Date: 15 May 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 April 2025 the provider notified us about matters relating to health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 9 May 2025 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has carried out a thorough investigation into the notified event. The provider is following their own internal processes in relation to staff who have not complied with or correctly followed the setting's own policies and procedures in relation to health. Leaders have reviewed children's care and medication plans to ensure that all information about children's care needs are clearly recorded. They have provided staff with further guidance on the setting's procedures for administering medication and how to complete records in relation to this.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
