

Compliance action taken for childcare provision

Ref: EY463399/5948027

Date: 14 March 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 February 2025, we received concerns that the provider was not meeting requirements relating to Health.

On 6 March 2025, we carried out a regulatory visit. We found the provider was not meeting one of the requirements. We have issued an action for the provider to take.

Action needed by 21 March 2025.

- ensure staff have the knowledge and skills to identify and respond appropriately to eliminate any risk in the environment to ensure children's safety.

On 14 March 2025, the provider responded to the action set. We found that the provider had improved their knowledge and understanding of risk assessments and how to ensure the environment is safe for children.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
