

Compliance action taken for childcare provision

Ref: EY465856/6150198

Date: 15 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 September 2025, we carried out an inspection and found the provider was not meeting some of these requirements.

The report and inspection outcome will be published in due course. Following the inspection, we served a welfare requirements notice on 15 October 2025. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 24 October 2025:

- ensure that an enhanced criminal record check is obtained for every staff member
- ensure that the required number of qualified staff are available to work with the children
- implement an effective programme of support and supervision for staff to ensure they have the knowledge and skills to fulfil their roles and responsibilities
- ensure staff consistently promote the good health of children.

On 5 November 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection. We found that the provider has obtained enhanced criminal record checks for all staff. The required number of qualified staff work with children, and the provider has arrangements to provide them with regular support and supervision. The provider has improved staff's awareness of how to maintain children's good health.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
