

Compliance action taken for childcare provision

Ref: EY468404/6152943

Date: 3 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 16 September 2025, the provider notified us about matters relating to safety and suitability of premises, environment and equipment, risk assessment and staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of any person who cares for/is in regular contact with children on the premises.

On 3 November 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. A child had managed to leave the setting where the care is provided and go into another area of the building. They did not leave the premises and were safe. The risk assessment had not identified an issue with one of the doors which was in fact, broken. The provider has since had work completed so the door is fixed, the risk assessments are updated to ensure these are always checked daily. This means children safety is now assured. Additional measures have also been taken which includes an audible alarm on a gate. This means that staff are now aware if children try to open the gate. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
