

Compliance action taken for childcare provision

Ref: EY473894/5171275

Date: 5 October 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 May 2022, we received concerns that the provider was not meeting some of the requirements.

On 16 September 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take.

Actions needed by 30 September 2022:

- keep a daily record of the names of the children being cared for on the premises and their hours of attendance

On 28 September 2022, the provider responded to the action set. We found that the provider had improved their knowledge and understanding of information and record keeping and now fully understands their responsibilities.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
