

## **Compliance action taken for childcare provision**

Ref: EY480901/6355708

Date: 13 July 2026

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundationstage-framework--2](http://www.gov.uk/government/publications/early-years-foundationstage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 April 2026, the provider notified us about matters relating to safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the Early Years Foundation Stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider.

On 13 April 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 05 May 2026:

- ensure all assistants receive an effective induction to help them to have a good understanding of their roles and responsibilities
- improve staffing arrangements to meet the needs of all children and ensure their safety
- ensure children are supervised effectively and are always in sight and hearing of an adult
- ensure an effective risk assessment is in place for all outings to keep children safe

On 04 May 2026, the provider responded to the actions set. We found that the provider has improved induction procedures to help to ensure that all assistants are fully aware of their roles and responsibilities. Systems have been introduced to ensure children are supervised effectively to meet their needs. The provider has also improved risk assessments for outings which helps to keep children safe.

We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted

## **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
