

Compliance action taken for childcare provision

Ref: EY486013/5873380

Date: 27 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 November 2024, the provider notified us about safeguarding concerns. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a breach to the safeguarding requirements.

On 27 November 2024, we completed a regulatory visit and found the provider had taken action to meet requirements. The provider has reviewed and improved the procedure for risk assessment and the security of the premises, to keep children safe.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
